**English**: This digital apparatus does not exceed the Class B limits for radio noise emissions from digital apparatus as set out in the Radio Interference Regulations of the Canadian Department of Communications.

Français: Cet appareil numérique n'émet pas de bruits radioélectriques dépassant les limites applicables aux appareils numériques de Classe B prescrites dans le Règlement sur le Brouillage Radioélectrique édicté par le Ministère des Communications du Canada.

The set complies with the FCC-Rules, Part 15 and with 21 CFR 1040.10.
Operation is subject to the following two conditions:
1. This device may not cause harmful interference, and
2. This device must accept any interference received, including interference that
*   may cause undesired operation.*

***Note** : This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation. This equipment generates, uses, and can radiate radio frequency energy and, if not installed and used in accordance with the instruction manual, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation. If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures :*
– Relocate the receiving antenna.
– Increase the separation between the equipment and receiver.
– Connect the equipment into an outlet on a circuit different from that to
*   which the receiver is connected.*
– Consult the dealer or an experienced radio/TV technician for help.

IMPORTANT :
Modifications not authorized by the manufacturer may void users authority to operate this device.

For Customer Use
Enter below the Serial No. which is located on the rear of the cabinet. Retain this information for future reference.

Model No. _____

Serial No. _____

⚡	**CAUTION**	⚠
	RISK OF ELECTRIC SHOCK DO NOT OPEN	

CAUTION: TO REDUCE THE RISK OF ELECTRIC SHOCK, DO NOT REMOVE COVER (OR BACK). NO USER-SERVICEABLE PARTS INSIDE. REFER SERVICING TO QUALIFIED SERVICE PERSONNEL.

⚡ This "bolt of lightning" indicates uninsulated material within your unit may cause an electrical shock. For the safety of everyone in your household, please do not remove product covering.

⚠ The "exclamation point" calls attention to features for which you should read the enclosed literature closely to prevent operating and maintenance problems.
WARNING: TO PREVENT FIRE OR SHOCK HAZARD, DO NOT EXPOSE THIS EQUIPMENT TO RAIN OR MOISTURE.

CAUTION: To prevent electric shock, match wide blade of plug to wide slot, and fully insert.

MAC5097

IMPORTANT SAFETY INSTRUCTIONS

1. **Read these instructions.**
2. **Keep these instructions.**
3. **Heed all warnings.**
4. **Follow all instructions.**
5. **Do not use this apparatus near water.**
6. **Clean only with dry cloth.**
7. **Do not block any ventilation openings. Install in accordance with the manufacturer´s instructions.**
8. **Do not install near any heat sources** such as radiators, heat registers, stoves, or other apparatus (including amplifiers) that produce heat.
9. **Do not defeat the safety purpose** of the polarized or grounding-type plug. A polarized plug has two blades with one wider than the other. A grounding type plug has two blades and a third grounding prong. The wide blade or the third prong are provided for your safety. If the provided plug does not fit into your outlet, consult an electrician for replacement of the obsolete outlet.

   AC Polarized Plug

10. **Protect the power cord** from being walked on or pinched, particularly at plugs, convenience receptacles, and the point where they exit from the apparatus.
11. **Only use attachments/accessories** specified by the manufacturer.
12. **Use only with the cart,** stand, tripod, bracket, or table specified by the manufacturer or sold with the apparatus. When a cart is used, use caution when moving the cart/apparatus combination to avoid injury from tip-over.
13. **Unplug this apparatus** during lightning storms or when unused for long periods of time.
14. **Refer all servicing** to qualified service personnel. Servicing is required when the apparatus has been damaged in any way, such as power-supply cord or plug is damaged, liquid has been spilled or objects have fallen into the apparatus, the apparatus has been exposed to rain or moisture, does not operate normally, or has been dropped.
15. **Battery usage CAUTION** – To prevent battery leakage which may result in bodily injury, property damage, or damage to the unit:
    ● Install **all** batteries correctly, **+** and **-** as marked on the unit.
    ● Do not mix batteries (**old** and **new** or **carbon** and **alkaline**, etc.).
    ● Remove batteries when the unit is not used for a long time.

EL 6475-E004: 02/8

Class II equipment symbol

This symbol indicates that the unit has a double insulation system.

SUPPLIED ACCESSORIES

– remote control
– USB cable
– video cable
– CD-ROM USB PC LINK installers
– AC power cord

TOP AND FRONT PANEL (See ①)

① ⌂ - 3.5 mm stereo headphone jack.
Note: The speakers will be muted when headphones are connected to the set.

② **VOLUME** -adjust volume level or equalizer level **(BASS/ MID /HIGH)**

③ **STANDBY ON** ⏻ - switch the set on/ off.

④ **SOURCE** - selects sound source for functions: **CD/ TUNER/ USB PC LINK/ GAME •AUX**

⑤ **IR SENSOR** -infrared sensor for remote control

⑥ **LCD Display** - shows the status of the set

⑦ **[dB]:** - display to indicate bass power.

⑧ **ALBUM /PRESET -, + :**
MP3 only :- select previous / next album.
TUNER :-select a previous / next preset station.
SEARCH |◄◄ , ►►|
MP3-CD / CD :
- searches backward or forward ;
- skips to the beginning of a current track/ previous/ later track.
USB PC LINK -skips to the beginning of a previous/ later track.
TUNER : - tunes to radio stations
►II- starts or pauses MP3-CD / CD / USB PC LINK playback
■ - stop MP3-CD / CD / USB PC LINK playback;
- erases a MP3-CD / CD program.
MODE :
- selects different MP3-CD play modes: e.g. **repeat** or **shuffle** order.

⑨ **USB** - connect the supplied USB cable here to the USB port of your computer

⑩ **GAMESOUND** - select sound effects: **BLAST/ PUNCH/ SPEED/ NORMAL** in **GAME •AUX** mode
WOOX - selects special bass enhancement on/ off
EQUALIZER -selects bass, mid and high frequencies.

PROG

MP3-CD / CD : -programs tracks and reviews the programmed songs;
TUNER : - programs radio stations.
FM•AM / DISPLAY
FM•AM : - selects waveband
DISPLAY: - display MP3-CD functions

⑪ **AUDIO IN (LEFT / RIGHT)** -LINE-IN jack for external audio appliance.
VIDEO IN - to keep video plug in place

⑫ **OPEN•CLOSE –** press to open/ close CD door

BACK PANEL (See ①)

⑬ **Telescopic antenna** - improved FM reception

⑭ **Battery compartment** - for 8 batteries, type R-20, UM-1 or D-cells

⑮ **AC MAINS** - inlet for power cord

⑯ **VIDEO OUT**- connect to the **VIDEO IN** jack on a TV or VCR for viewing or recording.

REMOTE CONTROL (See ①)

① **CD** - selects MP3-CD / CD sound source
TUNER - selects tuner source / wavebands
USB - selects **USB PC LINK**
AUX - selects **GAME •AUX**

② ⏻ -switches the set to standby / on if set operating on AC power. (Switches set off only if battery powered)

③ **REPEAT** -repeat all tracks in **USB PC LINK** source or selects the repeat modes in **CD** source
SHUFFLE -plays MP3-CD / CD tracks in random order in **CD / USB PC LINK** source
MUTE - interrupts/ resumes sound

④ **VOL ▼**, **▲** -- adjust volume level or adjust equalizer level (**BASS/ MID /HIGH**)

⑤ |◄, ►| -select previous/ next track in MP3-CD / CD / USB PC LINK playback
■ - stop MP3-CD / CD / USB PC LINK playback;
- erases a MP3-CD / CD program.
►II - starts or pauses MP3-CD / CD / USB PC LINK playback
◄◄ / ►► -searches backwards/ forwards within a MP3-CD / CD track.
TUNER: - tunes to radio stations

⑥ **EQUALIZER** -- selects bass, mid and high frequencies
WOOX -- select special bass enhancement on/ off
GAMESOUND - select sound effects: **BLAST/ PUNCH/ SPEED/ NORMAL** in game mode

⑦ **ALBUM /PRESET -, + :**
MP3 only :- select previous / next album.
TUNER :-select a previous / next preset station.

POWER SUPPLY

Whenever convenient, use the power supply to conserve battery life. Make sure you remove the power cord from the set and wall jack before inserting batteries.

Batteries (not included) (See ①)

• Insert 8 batteries, type **R-20**, **UM-1** or **D-cells**, (preferably alkaline) with the correct polarity.

Remote control (See Ⓐ)

• Insert 2 batteries, type **AAA**, **R03** or **UM4** (preferably alkaline).

Incorrect use of batteries can cause electrolyte leakage and will corrode the compartment or cause the batteries to burst.

• *Do not mix battery types: e.g. alkaline with carbon zinc. Only use batteries of the same type for the set.*
• *When inserting new batteries, do not try to mix old batteries with the new ones.*
• ***Batteries contain chemical substances, so they should be disposed of properly.***

Using AC Power

1. Check if the AC power supply, as shown on the **type plate located on the bottom of the set**, corresponds to your local power supply. If it does not, consult your dealer or service center.
2. If your set is equipped with a voltage selector, adjust the selector so that it matches with the local power supply.
3. Connect the power cord to the wall jack and the set is now ready for use.
4. To disconnect the power supply, unplug the set from the wall jack.

POWER-SAVING AUTOMATIC STANDBY

As a power-saving feature, the system automatically switches to standby 15 minutes after MP3-CD / CD has reached the end and no control is operated.

The type plate is located on the bottom of the set.

BASIC FUNCTIONS

Switching on and off and selecting function

1. Press **STANDBY ON** ⏻ on the set to switch on.
2. Press **SOURCE** once or more to select your desired function: **CD, TUNER, USB PC LINK** or **GAME•AUX** .
3. Press **STANDBY ON** ⏻ to switch off the set.

Note : The tone, sound settings, tuner presets and the volume level (up to a maximum volume level of VOL 20) will be retained in the set's memory.

Adjusting volume and sound (See ②)

1. Adjust the volume with the **VOLUME** control.
   → Display shows the volume level VOL and a number from 0-32.

2. w00x

To enhance the bass response: press **w00x** once or more to switch on / off.
   → **w00x**-key backlight lights up when **w00x** is turned on.

Notes:

- *w00x can be used when you play TUNER, CD, USB PC LINK and GAME•AUX source.*
- *Some discs might be recorded in high modulation, which causes a distortion at high volume. If this occurs, deactivate* **w00x** *or reduce the volume.*

3. EQUALIZER

To adjust the bass, mid and high frequencies press **EQUALIZER** once or more, then rotate **VOLUME** within 3 seconds to adjust each level.
   →Display briefly shows BASS , MID , or HIGH level **(-5 to +5)** or VOL .

Note:

1. *EQUALIZER can be used during TUNER, CD, USB PC LINK and GAME•AUX source.*

2. *To prevent sound interference the bass control options operate exclusively. You cannot combine the bass from* **EQUALIZER** *with* **wOOx**

4. **GAMESOUND**
To adjust the game sound, press **GAMESOUND** once or more to select your option.

→ Display briefly shows BLAST , PUNCH , SPEED or NORMAL.

Note: **GAMESOUND** *is only available when you play in* **GAME•AUX** *source.*

How to MUTE the sound
1. Press **MUTE** on the remote control to interrupt sound reproduction instantly.
   → Playback continues without sound and the display flashes MUTE .
2. To reactivate sound reproduction you can:
   – press **MUTE** again;
   – adjust the volume controls;
   – change to another source.

DIGITAL TUNER (See ③)

Tuning to stations
1. Press **STANDBY ON** ⏻ to on, then press **SOURCE** once or more to select **TUNER** (or press **TUNER** once on the remote control).
   → Display: shows TUNER briefly followed by waveband, frequency, and preset station number if already stored.
2. Press **FM•AM / DISPLAY** once or more to select your waveband (**TUNER** on the remote control)
3. **Tuning to stations**: you can tune to your stations manually or by automatic search tuning: Press down on ⏮ or ⏭ (◄◄ or ►► on the remote control) and release button when the frequency in the display starts running.
   → The radio automatically tunes to a station of sufficient reception. Display shows SEARCH during automatic tuning.
4. Repeat step 3 if necessary until you find the desired station.
• To tune to a weak station, press ⏮ or ⏭ (◄◄ or ►► on the remote control) briefly and repeatedly

until you have found optimal reception.

To improve radio reception:
• For **FM**, extend, incline and turn the telescopic antenna. Reduce its length if the signal is too strong.
• For **AM**, the set uses a built-in antenna. Direct this antenna by turning the whole set.

Programming tuner stations:

You can store up to a total of 30 radio stations in the memory, manually or automatically (Autostore).

Autostore
Automatic programming will start from preset 1. The set will only program stations which are not in the memory already.
1. Press **ALBUM** / **PRESET-** or **+** once or more to select the preset number .
2. Press **PROG** for 4 seconds or more to activate auto store programming.
   → Display: AUTOSTORE is shown and available stations are programmed in order of waveband **FM**, followed by **AM** , preset 1 station will then be played after all stations are stored automatically.

Manual programming
1. Tune to your desired station (see **Tuning to stations**).
2. Press **PROG** to activate programming.
   → Display: **program** flashes.
3. Press **ALBUM** / **PRESET-** or **+** once or more to allocate a number from 1 to 30 to this station.
4. Press **PROG** again to confirm.
   → Display shows the preset number, waveband and the frequency of the preset station.
5. Repeat the above four steps to store other stations.

Note : *You can erase a preset station by storing another frequency in its place.*

To listen to a preset station
Press **ALBUM** / **PRESET-** or **+** once or more until the desired preset station is displayed.

IMPORTANT SPECIFICATIONS

Supported formats:

- Disc format ISO9660, Joliet and multi-session CDs. Use ISO9660 disc format when burning CD-ROMs.
- MP3 music fomats.
- MP3 bit rate (data rate): 32-320 Kbps and variable bit rate.
- 650Mb and 700Mb CD-R and CD-RWs.
- Directory nesting up to a maximum of 8 levels (max. 64 characters).

General information

The music compression technology MP3 (MPEG Audio Layer 3) reduces the original digital audio data by a factor up to 10 without losing significant sound quality. This allows you to record up to 10 hours of CD-like quality music on a single CD-ROM.

How to get MP3 music

Either download legal MP3 music from the internet or convert your audio CD into MP3 format with any MP3 encoder software, and then record onto a CD-R(W).

- To achieve a good sound quality a bit rate of at least 128kbps is recommended for MP3 files.
- Some encoder software offer an option to protect music files, i.e. the files can only be played on the computer which created them. If you burn such files on a CD-ROM, you cannot play them on this set. Make sure to deactivate the protection option in the encoder software before creating the music files. In this case you are responsible for adherence to all local or international copyrights.

When burning the MP3-CD

- To avoid problems with playback or missing files, make sure the file names are typed in English text characters and that the MP3 files end with .**mp3**
- Use a writing software capable of recording MP3 track titles (files) in numerical and alphabetical order. For details on using the software, refer to the operating instructions of the software.
- When recording on a CD-RW, make sure that you close (finalize) all sessions in order for the set to read and play your tracks.

How to organize MP3 files

You can store up to a maximum number of 35 albums and 400 titles on one MP3-CD, depending on the song file sizes.

Albums and titles are alphabetically sorted.

- MP3-CD/ CD albums and titles are shown as numbers in the display.

IMPORTANT!

This set does not play/support the following:

- Empty albums: an empty album is an album that does not contain MP3 files, and will not be shown in the display.
- Non-supported file formats are skipped. This means that e.g.: Word documents .**doc** or MP3 files with extension .**dlf** are ignored and will not be played.
- **Playlist Files** e.g. .m3u, .pls of WMA, AAC, Winamp, Sonic, RealJukebox, MS Mediaplayer 7.0, MusicMatch.
- Recordings created on e.g. **PacketWriting** and **Package Writing**.

Playing MP3-CD & CD

This CD player plays Audio Discs including CD-R(W)s, and MP3 CD-ROMs.

- CD-I, CDV, VCD, DVD or computer CDs, are not possible.
1. Press **STANDBY ON** ⏻ once or more to on, then select **CD SOURCE**.
2. Press **OPEN•CLOSE** to open the CD door.
   ⇨ CD OPEN is displayed when the CD door is open.
3. Insert a CD with the printed side facing up and press down on **OPEN•CLOSE** to close the CD door.
   ⇨ Display show READ ,when reading disc contents;
   ⇨ Display : INSERT DISC if no disc inserted/ disc incorrectly inserted.,
   ⇨ Display : CHECK DISC or DISC ERROR if disc damaged / dirty:.
   – CD throughout CD operation;
   – MP3 CD throughout MP3-CD operation;
   – In CD stop mode: total track number and total playback time.

- NF DISC is shown if you have inserted a non-finalized CD-R(W) / black disc.

Note: MP3-CDs may take more than 10 seconds to read.

4. Press ▶II to start playback.
   ➔ Display: Current track number and elapsed track time during MP3-CD / CD playback.
   ➔ If MP3-CD, the album number also is shown.
5. To pause playback press ▶II. Press ▶II again to resume play.
   ➔ Time digits flashes during pause.
6. To stop MP3-CD / CD playback, press ■.
7. Press **STANDBY ON** ⏻ to switch off the set.

Note: *MP3-CD / CD play will also stop when:*
   – *the CD door is opened*
   – *the CD has reached the end*
   – *you select other sound source.*

MP3-CD/ CD text display

During playback, press the **FM•AM / DISPLAY** button briefly and repeatedly to view text information:

MP3-CDs

Press **FM•AM / DISPLAY** once or more to view e.g.
   – track name and elapsed track time;
   – album name and elapsed track time;
   – album number, track number and elapsed track time;
– ID3 tag details, if available. Otherwise, display shows NO ID3 TAG .

CDs

Press **FM•AM / DISPLAY** once or more to view e.g.
   – Current track number and elapsed track time during CD playback;
   – Remaining playback time of current track.

Selecting a different track

- Press **SEARCH** ◄◄ or ►► (on the remote control I◄ or ►I) once or repeatedly until the desired track number appears in the display.
- If you have selected a track number shortly after loading a disc or in the **PAUSE** position, you will need to press ▶II to start playback.

MP3-CD mode only:
First press **ALBUM/ PRESET** – or + once or more to find your album.
   ⇨ Display: NO ALBUM if no albums are available.

Finding a passage within a track

1. Press and hold **SEARCH** ◄◄ or ►► (on the remote control ◄◄ or ►►).
   – The CD is played at high speed and low volume.
   – No sound is heard during MP3-CD fast cue/ review.
2. When you recognize the passage you want, release ◄◄ or ►►. Normal playback continues.(on the remote control ◄◄ or ►►)

Note: *Searching is only possible within a track.*

Different play modes: SHUFFLE and REPEAT (See ④ - ⑦)

You can select and change the various play modes before or during playback. The play modes can also be combined with PROGRAM.

shuffle - tracks of the entire CD/ program are played in random order

shuffle repeat all - to repeat the entire CD/ program continuously in random order

repeat all - repeats the entire CD/ program
repeat - plays the current track continuously
1. To select play mode, press **MODE** once or more. (**SHUFFLE** / **REPEAT** on the remote control).
2. Press ▶II to start playback if in the stop position.
   ⇨ If you have selected **shuffle**, playback starts automatically.
3. To select normal playback, press **MODE** repeatedly until the various modes are no longer displayed.
   – You can also press the ■ to cancel your play mode in playing.

MP3-CD / CD PLAYER

Programming track numbers
Program in the stop position to select and store your CD tracks in the desired sequence. If you like, store any track more than once. Up to 20 tracks can be stored in the memory.

1. Press **SEARCH** ◄◄ or ►► on the set to select your desired track number.(on the remote control ◄ or ►)

MP3-CD mode only:
First press **ALBUM/ PRESET** – or + once or more to find your album, then press **SEARCH** ◄◄ or ►► (on the remote control ◄ or ►).

2. Press **PROG**.
   → Display: **program** and the selected track number PROG appears briefly.
   → Display : SELECT TRACK if no track selected for programming.

3. Repeat steps **1-2** to select and store all desired tracks.
   → Display: FULL if you try to program more than 20 tracks.

4. To start playback of your disc program, press ►II.

Note: *During normal playback, you can press **PROG** to add a current track to your program list.*

Reviewing the program
In stop position, press and hold down **PROG** for a while until the display shows all your stored track numbers in sequence.

   →Display NO PROG if no tracks programmed.

Erasing a program
You can erase the program by:
• pressing ■ twice;
   → CLEAR displayed briefly, and **program** disappears.
• pressing **STANDBY ON** ⏻
• selecting another sound source
• opening the CD door.

GAMESOUND / USB PC LINK

GAMESOUND (See 8)

PLAYING WITH GAMESOUND:
1. Press **SOURCE** once or more on the set to select the **GAME•AUX** function (**AUX** on the remote control)
   →Display scrolls : GAME PORT

2. Connect your console to the cinches on the front of the set **AUDIO IN (LEFT / RIGHT)** and **VIDEO IN**.

3. Press **GAMESOUND** once or more to select your game sound option.
   →Display briefly shows BLAST , PUNCH , SPEED or NORMAL.

Connecting other equipment to your system
Use the supplied video cable to connect the **VIDEO OUT** terminal on the back of the set to **VIDEO IN** on a TV or VCR for viewing or recording.

USB PC LINK

Quick Setup Guide
PC system requirements
   – USB port with Windows 98 SE / ME/ 2000/ XP
   – Intel Pentium MMXX200 or higher
   – CD-ROM drive

Installing MusicMatch software
1. Use the supplied USB cable to connect the set to the USB port on your computer. **(See B)**
2. Press **SOURCE** (**USB** on the remote control) once or more to select **USB PC LINK**.
3. Turn on your PC then insert the supplied USB PC LINK installer disc in the PC's CD-ROM drive. This application software can also be downloaded from **http://www.audio.philips.com**.

IMPORTANT!
Please use this customized MusicMatch software for your USB PC Link application. Remember to un-install all other MusicMatch jukebox software first from your PC system (if available).

4. The installation guide will appear automatically. If it does not, go to the CD-ROM drive in **Windows Explorer** and double click on the **USB PC LINK**.**exe**. Then perform the following steps:
– Select your desired language from the list.
– Select **installer driver**.
– Select **installer MusicMatch jukebox**.
– Select other options **(Tutorial, Free goodies, FAQ)**.

Note:
- You are advised to read the MusicMatch tutorial before using it for the first time. Make sure the volume on your PC is suitably adjusted to ensure sound output on the set. For optimum performance, the equalizer function in MusicMatch should be set to a low level.

5. Launch **MUSICMATCH JUKEBOX** and create your own playlist of favorite songs by dragging and dropping the music track from anywhere on your PC into the playlist window.

Note:
-- If you encounter any problem using the USB PC LINK, please refer to the FAQ (Frequently Asked Questions) stored in your USB PC LINK installer disc or visit www.audio.philips.com for the latest FAQ updates .

After setup, refer to "Connecting to USB PC Link" for details on the USB PC LINK operations.

Enable digital CD audio output
Before playing CDs on your PC's CD-ROM drive, it is necessary to configure your PC's hardware as follows:
For Windows ME/ 2000/ XP
1. Enter the system panel menu and select '**SYSTEM', 'PROPERTIES', 'HARDWARE', 'DEVICE MANAGER', 'CD-ROM DRIVES'** and **'PROPERTIES'.**

For Windows 98 SE
2. Check the **Enable digital CD audio for this CD-ROM device** setting option is selected (enabled).

Note:-For windows 98 SE you may need to refer to your PC's manual for correct configuration.

Connecting to USB PC Link (See 9)
The USB PC LINK allows you to playback your music collection from the PC via the powerful amplifier and speakers of this set.

IMPORTANT!
Make sure the MusicMatch software has been installed. Refer to "Quick Setup Guide" for the USB PC Link.

1. Turn on your set and computer .
⇨ Check your PC volume is suitably adjusted and not set to minimum / mute.

2. Press **SOURCE** (**USB** on the remote control) once or more to select **USB PC LINK** .

3. If correctly connected your PC will automatically launch **MUSICMATCH JUKEBOX.**
⇨ If the audio streaming is detected, the current track name scrolls .
⇨ If NO CONNECTION scrolls for a while, check the connection between your PC and set.

4. Press |◄ or ►| until the desired track in the playlist is highlighted.

5 . Press ►II to start playback.
⇨ The track time appears and the track name scrolls once.

Note: The display only supports English characters in uppercase.

6 . If you want to see the track details displayed press **MODE.**
During playback,
– Press **SHUFFLE** on the remote control to play all available tracks in the playlist in random order.
– Press **REPEAT** on the remote control to repeat playback all the tracks in the playlist.

7. To cancel play modes/ stop playback, press ■ or select another sound sources.

MAINTENANCE & SAFETY (See 10)

CD player and disc handling
• If the CD player cannot read CDs correctly, use a cleaning CD to clean the lens before taking the set to repair.
• The lens of the CD player should *never be touched!*
• Sudden changes in the surrounding temperature can cause condensation on the lens of your CD player. Playing a CD is then not possible. Do not attempt to clean the lens but leave the set in a warm environment until the moisture evaporates.
• To clean the CD, wipe in a straight line from the center towards the edge using a soft, lint-free cloth. Do not use cleaning agents as they may damage the disc.
• *Never* write on a CD or attach any stickers to it.

Safety Information
• Don't expose the set, batteries, CDs to humidity, rain, sand or excessive heat.
• Clean the set with a dry cloth. Don't use any cleaning agents containing alcohol, ammonia, benzene or abrasives as these may harm the set.
• Place the set on a hard and flat surface so that the system does not tilt. Make sure there is good ventilation to prevent the set from overheating.
• Apparatus shall not be exposed to dripping or splashing.
• Do not place any sources of danger on the apparatus (e.g. liquid filled objects, lighted candles).

TROUBLESHOOTING

If a fault occurs, first check the points listed below before taking the set for repair. If you are unable to remedy a problem by following these hints, consult your dealer or service center.

WARNING: **Do not open the set as there is a risk of electric shock! Under no circumstances should you try to repair the set yourself, as this will invalidate the warranty.**

CAUTION
Use of controls or adjustments or performance of procedures other than herein may result in hazardous radiation exposure or other unsafe operation.

No sound /power

– *Volume not adjusted*
• Adjust the VOLUME

– *Power cord not securely connected*
• Connect the AC power cord properly

– *Batteries flat / incorrectly inserted*
• Insert (fresh) batteries correctly

– *Headphones connected to the set*
• Disconnect headphones

– *Electrostatic discharge/interference*
• Unplug the set. If batteries inserted, remove batteries from the battery compartment. Press and hold **STANDBY ON** ⏻ for 10 seconds, then re-plug / replace battery supply, and try activating the set again.
• When in USB PC LINK mode, check that your PC's volume is audible and not set to minimum.

Environmental information

We have done our best to reduce the packaging and make it easy to separate into 3 materials:cardboard, expandable polystyrene, polyethylene.

Your set consists of materials which can be recycled if disassembled by a specialized company. Please observe the local regulations regarding the disposal of packaging, exhausted batteries and old equipment.
